

Cityscapes – volunteer roles

This year the action-packed wide game is coming to the Midlands region.

And you're invited to explore a city in our region like never before.

If you've ever loved the buzz of a Monopoly Run, you'll be right at home.

This wide game is a city-wide scavenger hunt, offering a great mix of activities.

We will have 6-8 different zones around the city, each zone will have:

- Zone leader
- Activity leads
- Activity assistants
- Stewards & general assistance
- Catering team
- Health & wellbeing lead

We will also have 4 zone supervisors who will have responsibility for managing one or two zones each.

What does each role do?

Zone leaders x 6-8 (1 per base)

- Coordinate the activities to be delivered at your base, following the guidance of the event leads and the principles of the wider HQ event.
- Manage and motivate a small team of volunteers to deliver the activities
- Carry out a pre-event risk assessments for all activities on your base as well as the venue where your base is located
- Manage any arising dynamic risk
- Run zone briefing pre event start and debrief as soon after event end as possible
- Checking activity leads are okay and have what they need on the day
- Be the activity leads point of contact
- Escalate any issues or concerns to the zone supervisors

Activity leads x 12-16 (2 per base)

- Devise activities for each base
- Write clear instructions for each activity
- Write risk assessments for each activity
- Source resources needed for each activity in enough quantity for those booked on
- Ensure the smooth running the activities on each day
- Checking activity facilitators are okay and have what they need on the day
- Be the activity facilitators point of contact
- Escalate any issues or concerns to the zone lead

Activity facilitators x 24-32 (6 or 7 per base)

- Deliver the planned activity, as per instructions.
- Dynamically manage risk for your activity
- Escalate any issues or concerns to the activities lead in your zone
- There will be at least two volunteers on each base (as well as other zone volunteers), so when you need a comfort break or lunch, someone will be there to cover you.

Stewards & general assistance x 15

- Be located around the city to answer questions, give directions etc
- Escalate any concerns to their zone supervisor

Catering team x 4/5

- A small team of 4/5 will be located on one of the bases, where tea and coffee will be provided for leaders
- Escalate any concerns to that zone leader

Health & wellbeing leads x 2

- First aid will be provided by leaders in the first instance
- Ensuring event has space for downtime and is accessible to young people and adult volunteers
